

SENIOR PORTRAITS

what's YOUR story?!

Why hello! My name is Claire Smith, a local OC photographer. I like to refer to my style of photography as lifestyle photojournalism, which in my definition, is documenting the story of a person or family with images rather than words.

I'm drawn to Senior Portraits because they are essentially the end of a chapter, a book filled with 18 years of childhood. The challenge of documenting this important chapter before the start of a new one is creatively inspiring.

If you have any questions about pricing or sessions please feel free to contact me. You can book sessions by visiting withinsightstudio.genbook.com
